Project Yusik

Empowering Lives and Building Futures

In 2018, our journey to create lasting change took an extraordinary turn when our CEO, Guzin Inanir, met a remarkable young woman named Yusik. At the time, Yusik was 18 years old and was attending a youth organization in Bali that specialized in providing support to disabled children and young adults. Her life story and the challenges she faced left an indelible mark on our hearts.

Yusik, despite her formidable spirit and determination, was paralyzed from the waist down, spending her days in a wheelchair. The obstacles she faced were significant, and she represented the very essence of the individuals we aspire to help.

When the COVID-19 pandemic swept across the world, we knew that we couldn't leave Yusik and her family to face this crisis alone. With your generous support, we sponsored Yusik and her family with vital food supplies, ensuring that they had the essentials they needed to get through these challenging times.

But our support for Yusik didn't stop at food aid. We recognized that her living conditions needed improvement to enhance her mobility and independence. With the collective efforts of our team, we renovated Yusik's home, making her kitchen and bedroom more wheelchair-friendly. This renovation not only offered her better accessibility but also a more comfortable and dignified living environment.

Project Yusik

Empowering Lives and Building Futures

Today, we're excited to share that Project Yusik has entered a new chapter. With a vision of empowering Yusik and helping her sustain herself and her family, we are currently funding the construction of her very own shop. This initiative is a significant step towards ensuring her self-sufficiency and economic independence.

As Yusik embarks on her entrepreneurial journey, we hope that her story becomes an inspiration for other children facing similar challenges. Project Yusik is more than just an individual's story; it's a symbol of resilience, hope, and the power of collective action.

Looking ahead, we plan to use Project Yusik as an example and replicate this process to help other children in similar circumstances. By building a sustainable foundation for Yusik, we aspire to create a ripple effect of positive change in the lives of many more children and young adults like her.

Yusik's journey is a testament to what can be achieved when hearts unite with purpose. We look forward to supporting her continued growth and success, and we invite you to join us on this incredible journey of empowerment and transformation.
